Dear Colleagues,

The award was given by the Institute of Cost Accountant of India and has been received by the Haryana Power Generation Corporation Limited on 25th October, 2019. I congratulate you for this marvelous achievement as it has been possible due to your dedicated and untiring efforts with special commendation to the finance team.

All of us know that HPGCL has embarked on a mission to improve the efficiency of its Thermal Power Station and to bring down the cost of generation. Many efficient improvements cum cost reduction measures are already in place and I believe that award winning will bring fresh energy and value addition in the staff to work with higher motivation towards attaining management mantra of "**Conquer your cost, before it conquers you**". This is only a beginning and together we have to touch new heights.
