Subject: RECRUITMENT OF ASSISTANT ENGINEERS CLASS-II
FOR THE YEAR 1968-69.

At present there exists a cadre of 60 Apprentice Engineers in the pay scale of Rs.250/- fixed plus D.P., D.A., etc. These Apprentice Engineers undergo training for six months/one year on Board's works and are then promoted as Assistant Engineers Class-II after successful completion of the apprenticeship period. Experience has however, revealed that this system of imparting training to the Apprentice Engineers has not proved to be very conducive as the Apprentice Engineers during their apprenticeship period do not hold any charge and hence they feel no responsibility. To eradicate this sense of ir-responsibility, it is proposed that in future the Apprentice Engineers may be re-designated as Graduate Technical Assistants, by making necessary amendment in the Service Regulations and utilized as under:-

- (1) All posts of Technical Assistants in the Design Directorate/Store Purchase Section/Sales Section/Works Section of the C.Es offices, should be manned by these G.T.As.
- (2) In addition, one Graduate Technical Assistant should be posted in each Operation and Construction Division and made incharge of Drawing Section. All Estimates, Progress Reports and other technical papers should pass through the G.T.A. Further the G.T.A. should also be entrusted the job of preparation of Subsidiary Project Estimates for the non-raticulated areas and preparation of other technical schemes at Divisional level.
- (3) One G.T.A. each should be posted in important Construction and Operation Sub Divns. The G.T.A. will be assigned the job of checking of all the Electrical Measurement Books, Completion Reports and other allied technical matters.

In following the above procedure, the fresh recruits would be assigned definite jobs for the execution of which, they would be directly responsible.

These Graduate Technical Assistants shall be eligible for promotion as Asstt. Engineers Class-II after successful completion of atleast one year's service as Graduate Technical

: - 2 - :

Assistants, subject of course, to the availability of posts. They shall be required to clear the Departmental Accounts Examination as well as the Safety Code Test, within three years of the date of their appointment.

If approved a cadre of 60 Graduate Technical Assistants in place of the Apprentice Engineers and the Technical Assistants (Diploma Holders) presently working at the Head Office may be created at a fixed pay of Rs.200/- plus usual allowances.

In view of our requirements for the years 1968-69 and 1969-70, the following posts may be advertised to the press:-

- | | |
|--|-------------|
| 1. Graduate Technical Assistants (Elec). | = 60 |
| 2. Asstt. Engineers-II (Elec) | = 20 |
| 3. Asstt. Engineers-II (Mech) | = 3 |
| Total: | <u>= 83</u> |

The above proposal is put up for consideration and orders of the Board.

H. Jai
SECRETARY,
HARYANA STATE ELECTRICITY BOARD,
CHANDIGARH.
